Custom Fabrication - Die Cutting - Waterjet - Laser - Drilling / Routing

Electronic Insulation

Gaskets and Seals

Thermal Transfer

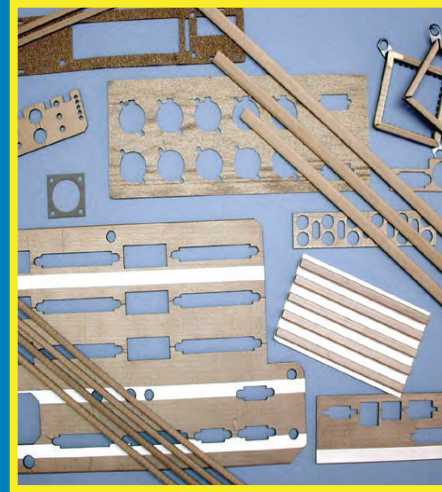

Laser Cut Parts

Filters and Screens

Shielding Laminates

Shielding Gaskets

CNC Routed Plastics

Founded in 1973, Orion Industries Incorporated designs and manufactures custom parts, specializing in electrical insulation, gaskets and seals, thermal transfer materials, and EMI/RFI shielding laminates. **Our capabilities include Laser and Waterjet Cutting, High Speed Die Cutting, CNC Drilling/Routing and part forming.** Our modern, air conditioned 17,000 square foot facility is equipped with assembly stations for value added services.

Small Business
AS 9100D-2016 Registered
SAM.gov Registered, Cage Code 1WTB1
ITAR Registered
Duns # 08-464-6736
UL Recognized Fabricator

CAPABILITIES

Die Cutting (high speed)	Prototyping
Waterjet Cutting	Line Bending (hot & cold)
Laser Cutting	Pad Printing
CNC Drilling and Routing	Laminating
Quick Turnaround	Prototype to Production Quantities

MATERIALS

Plastic Film	Metal Foils	Rubber	VHB Tapes
Plastic Sheet	Wire Mesh	Neoprene	Phenolics
Adhesives	Foam	Silicone	Laminates
Thermal Transfer	Conductive Foam	Urethane	Vinyl Nitrile

INDUSTRIES WE SERVE

Electronics	Medical Device	Aerospace	Alternative Energy
Telecommunications	Military	Automotive	Medical Disposables

TYPICAL PRODUCTS

Electronic Insulation	Gaskets & Seals	EMI Shielding Laminates
EMI Shielding Gaskets	Filters & Screens	Thermal Insulation
Thermal Transfer	Formed Plastics	CNC Routed Plastics
